# Helpful tips

If you are new to Zoom, **arrive early!** Plan to join the meeting 5-10 minutes early, to give yourself time to deal with any potential technical issues.

Have a **headset/headphones** available if possible to minimize feedback (echo) – your cellphone earbuds will work well.

**Mute yourself.** It's a good idea to mute your microphone when you aren't talking to reduce background noise.

You can reconnect if need be. Keep the link or meeting id number handy in case you need to reconnect. Sometimes reconnecting fixes connection problems.

# Leave the meeting

Tap your screen and click  
Leave in the top right.

See you next week...
